ABOUT US

KRITIMA, an esteemed provider of exquisite bone inlay furniture in India, crafts each product with meticulous detail, transforming them into captivating works of art. Our pieces showcase intricate bone inlay work, utilizing ancient decorative techniques that involve embedding delicately hand-carved bone pieces onto the surface. The results yield striking patterns, ranging from floral and geometric designs to honeycomb, stripes, herringbone, and Moroccan bone inlay furniture. The diverse shades and materials employed add a touch of textured beauty, making our furniture truly extraordinary.

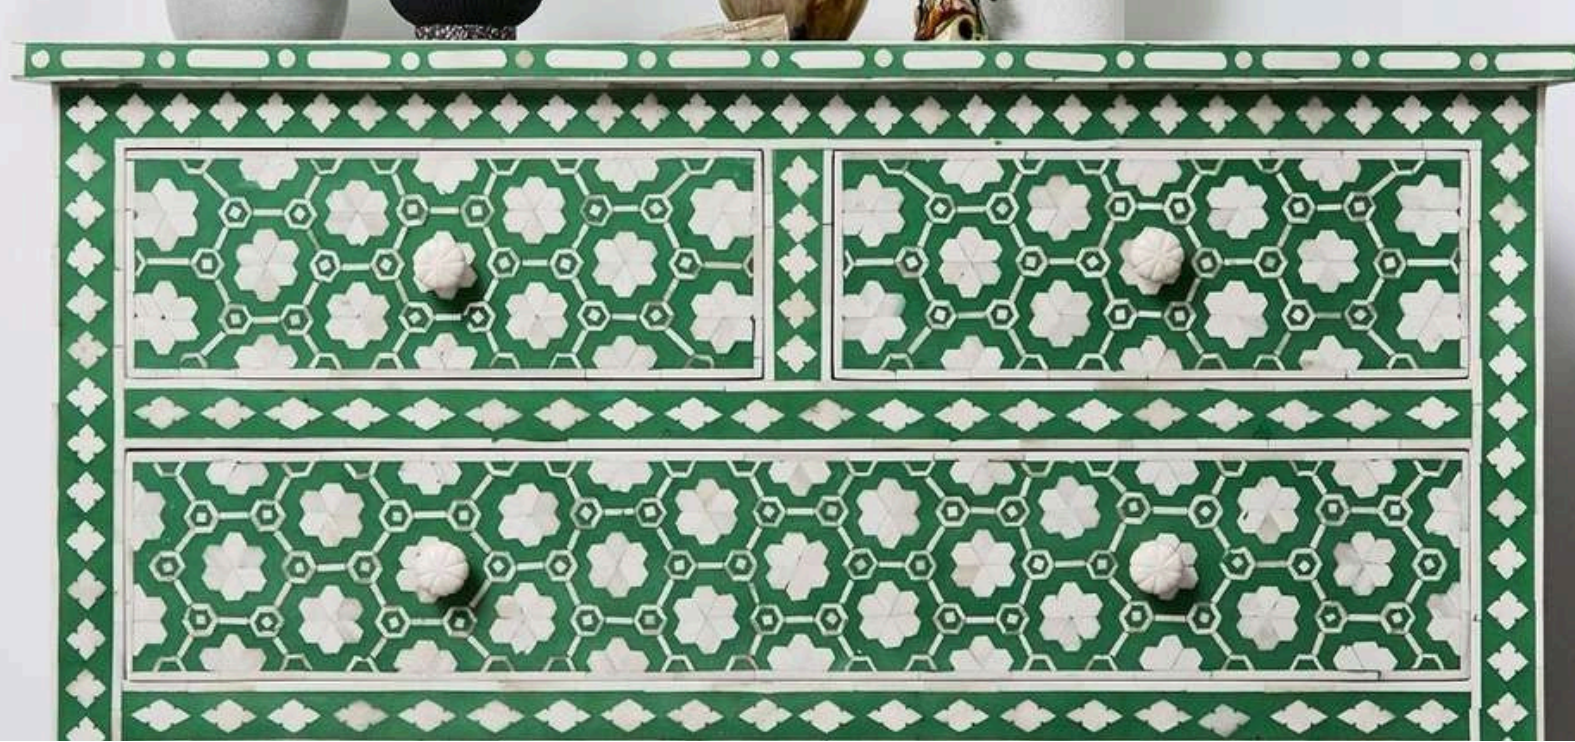

“Step into the elegance of our signature bone inlay furniture catalog, where sophistication meets craftsmanship in every piece.”

What is Bone Inlay?

- Bone inlay is a technique that involves fixing intricate, hand-carved pieces of camel bone and/or mother-of-pearl into a wooden frame. The frame is filled with an uncolored or colored resin.
- The art of bone inlay began in the royal palaces of Rajasthan where Maharajas commissioned extravagant inlay furniture pieces. Bone inlay can be found in cabinets, chests, tables, chairs, mirrors, lamps, and more!

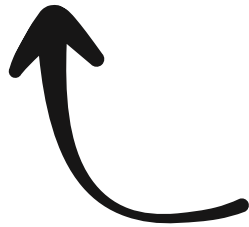

“All our pieces are made-to-order and hand-made. We ensure each and every single one reflects the passion and skill we spent time developing and perfecting.”
